About ClimateLaunchpad

ClimateLaunchpad is the global green business ideas competition. Its mission is to address the negative impacts of climate change by ways of innovation, invention and entrepreneurship. A green future demands thousands of innovations challenging the

current business models. The competition supports aspiring and promising cleantech entrepreneurs with training, coaching and networking opportunities. ClimateLaunchpad operates on a global scale, currently in over 50 countries.

ClimateLaunchpad was established in 2014 and is part of the Entrepreneurship offerings of EIT Climate-KIC.

About EIT Climate-KIC

Climate-KIC is one of the Knowledge and Innovation Communities (KICs) established in 2010 by the European Institute of Innovation and Technology (EIT), the EU body that creates sustainable economic growth in Europe, tackling the global challenges of this time.

About the European Institute of Innovation and Technology (EIT)

The EIT is an independent body of the European Union set up in 2008 to spur innovation and entrepreneurship across Europe to overcome some of its greatest challenges. It brings together leading higher education institutions, research labs and companies to form dynamic cross-border partnerships – Knowledge and Innovation Communities, KICs – that develop innovative products and services, start new companies, and train a new generation of entrepreneurs.
