

ClimateLaunchpad 2022

ClimateLaunchpad is the world's leading green business ideas competition. Our mission is to unlock the world's cleantech potential that addresses climate change. The competition creates a stage for those ideas. ClimateLaunchpad is part of the Entrepreneurship offerings of EIT Climate-KIC.

Our competition is your ticket to global success. Provided you have a green business idea and have what it takes to become an entrepreneur. Your idea can be an innovation in renewable energy, a sustainable transition in the food chain, a mind shift in urban mobility or any other way to tackle climate change. Take a look at our website for the full programme and what we can offer you.

Inspiring alumni

Did you know that Felyx (2016 Dutch National Winner) and Reverse Resources (2015 Estonian National Winner) started at ClimateLaunchpad? In 2021, Felyx received a 24 million investment to expand within Europe. Textile waste tracking and trading platform Reverse Resources announced its role in the Circular Fashion Partnership which includes major fashion brands such as Bershka and H&M Group.
